

Barbara Spurgeon

March 28, 1952 - June 15, 2025

Barbara Spurgeon, 73, passed away peacefully, leaving behind a legacy of love, generosity, and boundless compassion. Barbara was the kind of woman who truly had a heart of gold—always ready to lend a hand, offer a kind word, or give someone one more chance when no one else would. If you needed the shirt off her back, she'd give it without hesitation.

Barbara was a devoted mother, an extraordinary grandmother, and a cherished sister. Family was everything to her, and she poured her heart into every role she played. Her proudest joy and brightest light was her granddaughter, Nova Hastings, who brought endless smiles to her life. She is also survived by her loving daughter, Kelsie Spurgeon, who carries forward Barbara's strength, warmth, and fierce love.

To know Barbara was to know true kindness. Her door was always open, and her presence made people feel seen, heard, and loved. Her memory will live on in the countless lives she touched with her compassion and selflessness.

She will be deeply missed, forever loved, and never forgotten.

“ I just found out about her passing today. So very sad. When I was 17, and pregnant with my now 25 year old Daughter, Paige, I had no where to really stay. Paiges dad was in prison and even though I had just met barb, she let me stay at her house. Sometimes I baby sat Kelsie but really she didn't charge me and she even made sure I had food to eat. She was struggling herself and never complained. She also helped me several years later to get Christmas gifts for my youngest daughter who had just moved in with me at the time and had nothing. She was always there to help and she didn't have to. Im so sorry for Kelsie & Nova. Im sure the pain is unbearable. She was a person who had such a big heart and was there for anyone who needed it. She will , no doubt be watching over all she loved.

“ My Aunt Barbara taught me so many things ,like that hair style isn't for you cause you would have to do it everyday. She taught me to work hard for what you want. To give when you can. She trusted me to watch my cousin Kelsie , and she was always there when I needed her . I am going to miss her alot.
