

Jessica Ellen Spence

March 24, 1989 - March 17, 2026

Jessie Ellen Spence, 36, passed away on March 17, 2026, just days before her birthday

on March 24. She faced a courageous battle with cancer for over two and a half years,

meeting it with the same strength and spirit that defined her life.

Jessie was a deeply caring and charismatic person who made a lasting impact on

everyone she met. She earned her Bachelor of Science in Nursing in August 2020 and

stepped directly into the challenges of the COVID-19 pandemic as a Med-Surg nurse.

Her compassion and dedication to her patients were evident in everything she did. She

later continued her growth in the medical field by transitioning into an Operating Room

program, always striving to learn and give more.

Outside of her career, Jessie lived fully and fearlessly. She loved traveling and spending

time at the beach, and she was a passionate snowboarder who never hesitated to take

on any trail. She found joy in quieter moments as well—reading, relaxing, and spending

time with her beloved pets: her cats, Mijo and Francine, and her dog, Toby Keith.

Jessie is survived by her loving husband, Zachary Spence, with whom she shared over

seven and a half years of partnership, love, and life. She is also survived by her father,

Tom Martin; her brother, Alex Martin; and her nephew, Ollie Martin. She was preceded

in death by her mother.

Jessie was an extraordinary person whose warmth, courage, and spirit will be deeply

missed by all who knew her.

A memorial service will be held on Sunday April 26 at 4:00 PM at Fletcher's Cove in Solana Beach, followed

by a reception at 5:00 PM at Pizza Port nearby.
